

PHONE UPDATE

We've heard from many of our clients who have not been able to reach us through our phones.

We reached out to our phone service and we are working on the issues. PROMISE!

The calls are coming in fast and furious. As soon as we end one call, another is waiting on all lines.

We are also answering your facebook messages and emails through our website as quickly as possible AND taking care of our customers in the store. We appreciate you reaching out through other avenues to get the answers you need.

We love our clients and we have always taken your 2nd Amendment Rights seriously. We want to be a constant that you can count on.

Please be patient and understand we are trying! We want to give everyone the best customer service we can. We appreciate each and every one of you! ❤️
